

CHILD ACTIVITY IN BELIZE

NATIONAL CHILD ACTIVITY SURVEY 2013

4.7% (5,188)
of Belize's Children
are Employed

3.2% (4,989)
are not only employed,
but also engaged in
child labor.

More than a quarter of employed children worked over **45 hours** per week.

Children who only work are about **10** times as likely to work over **45 hours** than those who work and attend school.

About **4%** of children were both working and attending school.

About **73%** of employed children were not attending school, compared to about **8%** of the children who were not employed.

Approximately **72%** of working children are males and **28%** are females.

6.1% of rural children and about **3%** of urban children are working.

6.6% of male children and **2.2%** of female children are employed.

About **76%** of working children live in rural areas and **24%** live in urban areas.
