

MISSION

To provide, with the highest degree of integrity, quality and with strict adherence to professional and international standards, accurate, reliable and timely statistical information to facilitate effective policy and decision-making for local and international clients.

VISION

The **Statistical Institute of Belize** shall be recognized as the leading national statistical agency, operating with professionalism and transparency in providing accurate and timely information that contributes to the development of Belize.

CORE VALUES

PROFESSIONALISM:

We aim for excellence in our work and endeavor to meet and exceed high standards in quality through professional development and improvement of the statistical processes and products.

ACCOUNTABILITY:

We take responsibility and ownership of the work we produce and for the accuracy presented in the work we produce.

TRANSPARENCY:

We foster trust and reliability in the work we do by ensuring our statistical processes meet international standards that are documented.

INTEGRITY & RELIABILITY:

We work in accordance with high ethical standards where truth and honesty is valued.

CONFIDENTIALITY:

We value the statistical information collected and assure the public and stakeholders that information collected is used strictly for statistical purposes ensuring that the information they provide is kept confidential.

CUSTOMER SERVICE:

We are courteous and responsive to the needs of our clients, partners, and stakeholders and strive to meet or exceed their expectations ensuring that our service is of great benefit to them and that we give them value for money for the products and services they access.

RESPECT:

We treat others as we wish to be treated with fairness and dignity.

TEAM WORK:

We listen and learn from each other to reach decisions by consensus and foster an environment where creativity, diversity in ideas and fun are encouraged so that we work together as a cohesive group in achieving our goals.

INNOVATION:

We embrace change and are willing to take on new challenges to ensure that we are providing relevant statistical data to our clients.
