MMH49A. Okay, I need you to tell me how you prefer the counsellor to contact you. If you wish, you can give me a phone number where the counsellor can reach you. We will provide the counsellor with your contact details so that she or he can contact you directly. If you do not have a phone number, please provide a number of someone you trust such as a school teacher, relative or friend. The contact information for support services is also on the card that I am providing to you. Please be assured that we will not share any other information you have shared with me during the interview with the counsellor. Expect to hear from the counsellor within 24 hours if you provided a phone number.

While you connect with the counsellor, it would be important for you to talk about your worries with an adult you trust, like a parent, a relative, or teacher, so that they can support you. I encourage you to do that.

Once you finish the interview, contact your supervisor immediately to alert them that the respondent needs a high-risk emergency referral. It is critical that the counsellor contacts the respondent immediately, and in any case no later than within 24 hours.
